Beach condos and houses are generally a better vacation and value than beach hotel rooms. You can enjoy the spaciousness of separate bedrooms, kitchen, balcony and more living area for about the same price as a hotel room.

In a condo or house, you always have food and drinks the way you like it with a refrigerator for your cold beer or soft drinks. Need a blender? It is provided! Since beachside restaurants may be a bit crowded during the busy beach vacation summer season, having your own kitchen is a real convenience, you can cook for yourself or order take out. Enjoy the luxury of sleeping in instead of rushing out for breakfast!

Grocery prices in Gulf Shores & Orange Beach area stores tend to be about the same as inland---not over-priced. This is very good news for a family with kids. No need to pack and bring down a ton of food, just bring anything you might want right away, like coffee & fixing's. You might want to also bring things like special spices you like that you might not want to buy a new container of just for your time at the beach. You can always pour a bit into a small zip lock bag to bring along.

You will find an initial round of toilet tissue in your house or condo when you arrive, but you will need to bring or buy extra for your stay in the condo/beach house. Although kitchens usually have dishtowels, you will want a roll of two of paper towels. All condo/beach house kitchens are fully equipped with plates and utensils & dishwashers, but paper plates are very handy for a no-work vacation.

Gulf Shores and Orange Beach condos and beach houses are spectacular way to spend a vacation with family and friends.
